## EDUCATION

---

### **Tirumala Engineering College**

B.Tech, Computer Science and Engineering

September 2023 – Present

8.36 CGPA

### **Oxford VIT Junior College, Narasaraopet**

Board of Intermediate

March 2023

Overall Percentage: 98.1

### **Sri Chaitanya Techno School, Narasaraopet**

Secondary Education (SSC)

June 2021

Overall Percentage: 100

## CAREER OBJECTIVE

---

Motivated and detail-oriented Computer Science student with a strong foundation in programming, algorithms. Seeking an opportunity to apply my technical skills in software development, data structures, and system design while continuously learning and contributing to innovative projects.

## PROJECTS

---

### **MERN Stack E-Commerce Web Application**

A full-stack e-commerce platform developed using the MERN stack for online product browsing and purchasing.

- Implemented user login/signup, product listing, shopping cart, and order management system.
- Created RESTful APIs for product management, user authentication, and order processing.
- Designed responsive frontend using React.js and Bootstrap with dynamic data rendering.
- Technologies Used: MongoDB, Express.js, React.js, Node.js, Bootstrap, JavaScript

### **Bus Ticket Booking System**

A web-based application designed to simplify and automate the process of booking bus tickets for passengers.

- Developed a bus ticket booking system to streamline reservation and reduce manual effort.
- Implemented user authentication and secure login/signup functionality.
- Enabled users to search buses, select seats, and book tickets in real-time.
- Integrated payment gateway for secure online transactions.
- Designed responsive and user-friendly UI for better user experience.
- Technologies Used: Java / Node.js, React.js, Bootstrap, MySQL / MongoDB

## TECHNICAL STRENGTHS
